

REPUBLICAN LEAGUE IS IN SESSION IN THE GARDEN CITY.

Delegates in Attendance From All Over the State—
Message From Senator Perkins—Convention
Called to Order by Alden Anderson.

SAN JOSE, April 14.—The third annual convention of the California Republican League opened this morning at the Garden City Hotel. The city is very crowded, the day is typical of glorious springtime in the Garden City of the State, and from strange corners are enjoying it with delight. The hotel and adjoining houses are crowded and the accommodation committee has had hard work to find rooms on the outside for the hundreds who had been placed.

ARRIVED IN CROWDS.
The delegates and the politicians came in crowds yesterday and the last contingent arrived this forenoon. The Republican Primary League of San Francisco came down over 500 strong, and were met at the depot by the Republican Good Government League and a band of music and escorted to the place of meeting. Hon. Geo. C. Perkins of Oakland arrived yesterday and Senator Perkins is expected during the day. The crowded outdoor will take place this evening.

ANDERSON WILL BE RE-ELECTED.
Chairman Anderson is slated for re-election, and O. A. Hale of San Jose will be appointed Chairman of the Committee on Resolutions. The Auditorium is handsomely decorated for the occasion, portraits of the late President McKinley and President Roosevelt occupying prominent positions, the for-

THANKED THE PEOPLE.
Chairman Anderson in his response thanked the San Joseans for their cordial welcome and said the delegates came with high ideals as participants, and the highest aim of the league was to obliterate factionalism in the ranks of the party and that the constitution forbids the endorsing of any candidate for office prior to a nomination in a regular way.

MESSAGE FROM PERKINS.
Chairman Anderson now announced that he had received a dispatch from Senator Perkins. He read it as follows:—
"Hon. Alden Anderson, President State League of Republican Clubs, San Jose, Cal.—Please permit me, through

HOW THEY GOT CONFESSIONS FROM FILIPINO LEADERS.

**TALES OF CRUELTY
ARE TOLD BEFORE
THE SENATE
COMMITTEE.**

WASHINGTON, April 14.—The Senate Committee on the Philippines began the week with an intention of making an investigation of the charges to the effect that the "water cure" so-called is practiced on the insurgents, and Charles S. Reilly of Northampton, Massachusetts, formerly a sergeant in Company A, 26th Infantry, Volunteer, was the first witness called with that end in view.

Mr. Reilly said that he had been in the Philippines from October 25, 1898 to March 4, 1901. In reply to questions by Senator Hooton he said he had witnessed the "water cure" at Iloilo in the Province of Iloilo on October 8, 1900. It was administered to the President, or chief Filipino official of the town.

He said upon the arrival of his command at Iloilo the President was asked if anyone had been sent out notifying the natives of their presence, and upon his refusal to give the information he was taken to the convent where the "water cure" was administered to him. This official was, he said, a man of about 40 years of age. When he (the witness) first saw him he was standing in the courtyard of the convent behind him with Captain Glenn and Lieutenant Connor, of the regular army, and Dr. Lucas, a contract surgeon, standing near, while many soldiers stood about.

The man, he said, was then thrown under a water tank which held about 100 gallons of water and his mouth placed directly under the faucet, and held open so as to compel him to swallow the water which was allowed to escape from the tank. Over him stood an interpreter, a Filipino, who, which the witness said he did not understand, but which he believed to be the native equivalent of "confess."

When at last the President agreed to tell what he knew he was released and allowed to start away. He was not, however, permitted to escape, and was refusing to give further information he was again taken as he was about to mount his horse and the gun administered for the second time. This time the man was not stripped, but was taken into the building. Dr. Lyons said the water could be brought

GREAT EXPOSITION MAY BE HELD IN 1904.

**PRESIDENT FRANCIS
ISSUES A STATEMENT
ABOUT A POSTPONE-
MENT OF OPENING.**

ST. LOUIS, April 14.—President David R. Francis of the Louisiana Purchase Exposition Company, in answer to the numerous statements that the World's Fair would not open in 1904, as provided, but that it would be postponed, made this statement to the Associated Press today:

"Neither the Board of Directors nor the Executive Committee has taken any formal action concerning a postponement of the exposition. It seems impossible to present agitation on the subject. Personally, I should prefer the exposition to be held in 1904.

"It is in the judgment of the local company, approved by the national committee, Congress and the Administration, any postponement is thought necessary that step will be taken in due time, but under no circumstances would the board of directors or any one connected officially with the Exposition consider for a moment a postponement to 1905, which, according to the morning papers, Senator Taft has stated has been decided upon."

WHAT DIMMICK SAID OF SHORTAGE.

Declared That His Skirts Were Clear
in the Premises—Conversations
Are Related By Witnesses.

SAN FRANCISCO, April 14.—There was a marked thinning out of the crowd in the United States District Court this morning.

Last week the Dimmick trial brought out a larger crowd than has been seen in the court room for years. But the newspaper publications have taken the edge of interest off the court proceedings, as the evidence last week showed that the prosecution was going far toward making good Attorney Schlesinger's opening statement.

CASHIER COLE TESTIFIES.
Cashier W. K. Cole testified that when he took the office of cashier of the Mint, Dimmick gave him a slip of paper, on which was written five times to a blank, saying that the combination must be altered. Dimmick took off the plate in front of the lock and then used a combination which he had selected. Dimmick said 15 was the initial number on which the lock was operated.

The combination failed to work, and after repeated failures it was given up for the day. In the trials three of the numbers of the combination witness had selected were erased and other figures suggested by Dimmick substituted. Another trial was made the next day with the same result, Dimmick staying on the inside of the door and Cole outside as before. On the third day the lock was got to work, but on a combination practically made by Dimmick.

THE COMBINATION.
A slip of paper showing the combination with the changes and erasures was introduced in evidence over the objection of the defense.

"At all times while the combination was being manipulated on the 31st of August and the 1st and second of September, 1899, Dimmick was in the room," asked Schlesinger.

"Yes."
Attorney Collins took up the cross-examination by asking if the envelope enclosing the combination slip was the one in which it was originally placed. Witness said yes, that he sealed the combination on it and endorsed it on the back. The envelope was endorsed with the letters "F. A. L. Nov. 1901," in lead pencil.

STAND FOR LEACH.
"What do those letters mean?" asked Collins.
"They stand for F. A. Leach."
"What does the date mean?" asked Collins.
"The date on which Mr. Leach opened the envelope."

"Was that the first time it was opened after you sealed it on September 2, 1899?"
"Yes."
"That's all."
Apparently this forebodes an attack on Cashier Cole by the defense.

TOLD OF A SHORTAGE.
P. T. Donnelly, Abstract Clerk, testified that Dimmick told him on the 24th of June, 1901, that there was a shortage. The conversation took place in the Cafe Zinkand where the two had gone to lunch. Dimmick told witness that the theft lay between the Cashier, the vault man or the man who placed the money in the vault below.

"I will swear and Mr. Leach will swear that the money was there last night," said Dimmick, so witness declared.

Subsequently, while Dimmick and witness were on their way out to Cole's house, Dimmick said "my skirts are clear; we have been looking out for this. I hope Cole can explain the shortage." Satisfactorily, so 1 cent telegraph to Mr. Leach that everything is all right." Dimmick also said he had no need to tell Cole how much the shortage was. He remarked that it was singular Cole should have got sick just at the time the shortage was discovered. He further said that he had seen men killed, and that the discovery of the shortage made him feel just as if he had seen a man killed.

AT COLE'S HOUSE.
Out at Cole's house, Dimmick said to the cashier: "This has come by getting the eagles and double eagles mixed up, but it's all right, so far as you are concerned."
"Are not all the accounts straight?" asked Cole. "Yes," replied Dimmick. "But it's all right so far as you are concerned."
"He told Cole how much the shortage was," asked Collins.

"Did Cole ask him how much the shortage was?" asked Collins.
"No."
Abraham Norton, another Mint employee, testified that he had seen Dimmick when the latter was cashier fooling and manipulating with the vault lock eight or ten times during the year 1899. Dimmick had the plate off the lock each time, but he did not know what he was doing. Each time this performance was during office hours and in the presence of the office.

The sensational part of Norton's testimony was that he saw Dimmick on the evening after the discovery of the shortage. Dimmick said in presence of witness, "I don't know what I am doing, but I will have to answer before a higher tribunal what I have done. I am against it harder than anybody, and I will be held responsible."

Witness said that he was not hearing when Dimmick said "it don't balance; there is a shortage."
"What does that mean?" asked Superintendent Leach.
"Dimmick said, 'I don't know; the money is the least bit tight. Witness then said Dimmick then enumerated the amount of different kinds of coin in the vault, and that there was no shortage the night previous. On cross-examination Norton said he had repeated this

THOUSANDS OF MEN HAVE GONE OUT IN RESPONSE TO CALL.

**THIRTY-FIVE THOUSAND
AND TROOPS WATCH-
ING THE BELGIUM
STRIKERS.**

BRUSSELS, April 14.—A dispatch from La Louviere, a town in the province of Hainaut, announces that, in accordance with the decision of the labor leaders, a general strike has commenced in the coal mines, glass works and factories of the central district, including Marnett and Ruesse. A dispatch from Liege says that a general strike has been started in the coal mines of Senning district and at Kettin foundries at Solesmes.

A great strike has commenced at Charleroi, where fifteen thousand of the forty thousand coal miners already have stopped work.

A general strike has been declared in most of the large boat and shoe factories. Active measures have been taken to enable the soldiers to reinforce the police at a moment's notice at any point required.

There has been thus far today no question of proclaiming martial law. Such a step cannot be taken in Belgium without special legislative action.

About 18,000 men are now out on strike in the Mons district.

Thirty-five thousand troops are distributed in the affected regions. Brussels is perfectly quiet. There are no signs of the strike in the center of the town, but a number of strikes have occurred in the factories situated in the suburbs.

No Socialist meetings have yet occurred here today, but the workmen have been urged to meet in the various halls of the city in order to demonstrate in the revision of the constitution.

KILLED A GIRL AND HER BROTHER.

Young Negro is Arrested
For the Horrible
Crime.

**PEOPLE SURROUNDED
THE CITY JAIL.**

DES MOINES, Ia., April 14.—While returning home from Highland Park Methodist Church on the night out of the city last evening, Mary Peterson, 15 years of age, and Thomas, aged 11, children of Peter J. Peterson, a well-to-do dairyman, were murdered by some unknown person, believed to be a negro. The boy, when found at midnight, was alive, but died within fifteen minutes, not being able to give a description of his assailant. The bodies were discovered by a farmer, who overheard the means of the homicide. An examination revealed that both children had their heads crushed in.

The police so far are without a clue. The body of the girl was found at the foot of a telephone pole in a ditch two feet deep. She had been ravished by her assailant. Her underclothing was badly torn. At the base of the head she had been hit with some hard instrument, resulting in fracturing the skull. On the crown of the head there were four or five indentations, all of which would have proven serious if not fatal. Not a hair or an instrument can be found within the region where the murders occurred. The boy, who was found in the ditch on the opposite side of the road, was most cruelly treated. Fully half a dozen indentations were made in the skull and his face also showed evidence of being wounded.

James Hutchins, a negro, 27 years of age, was arrested this afternoon as a suspect. He had on the back of his coat the imprint of a bloody hand. He gave a rambling account of where he had been during the night.

A crowd of several thousand people gathered in front of the City Jail after the arrest of Hutchins, but no effort was made to take him from the officers. Excitement is running high and talk of lynching is common.

BRITISH SOLDIERS GETTING MANY HORSES

**THEY ARE SHIPPING THOUSANDS
OF THEM FROM KANSAS
TO SOUTH AFRICA.**

KANSAS CITY, April 14.—A special to the Star from Jefferson City, Missouri, says:

O. P. Gentry, Governor Dockey's private secretary, returned today from Lathrop, Missouri, where he was sent under instructions to make an investigation of the charges that a British post is being maintained there to supply horses and mules for the British army in South Africa. Governor Dockey forwarded the Secretary's report this afternoon with the request that the Senate lay the matter before Congress.

In his report, Mr. Gentry says that the firm of Galt and Horning owns the land at the post, according to the statements of the country officers. He continues: "It was informed that this firm shipped 72,000 head of horses and mules during the last year, most of them destined for South Africa. From a report, this looks very much like the business is largely conducted under British ownership."

SEVERE FIGHTING.
The most severe fighting occurred April 11 in Western Transvaal, where General Ian Hamilton has replaced General Methuen in command of the British forces. The Boers attacked Colonel Kekewich's force near Fouriesburg, and fighting at close quarters ensued. The Boers were repulsed, leaving on the field forty-four men killed, including Commandant Potgieter, and thirty-four wounded. The British captured twenty-two unarmored prisoners.

According to last accounts General Ian Hamilton was pursuing the remainder of the Boer command. The British losses in this fight were six men killed and fifty-one wounded.

KILLED THE BRITISH.

At the beginning of the pursuit Kekewich captured two guns, a pom-pom, a quantity of ammunition and a number of wagons.

TUB TRUTHS.

A DROP of ink will color a whole glass of water. It is an inch of yeast which makes a pan of bread rise, and a single cake of soap containing unabsorbed alkali can ruin a hundred times its cost in laces and fine embroidery. After all, is it wise to take such risks with common soap? Of course you can get along without Ivory Soap. So can a wagon without axle grease—but it goes hard.

OAKLAND TEAM PLAYS WELL IN THE SOUTH.

San Francisco Beats Sacramento on the Oakland Grounds—Local Golf Players Win Contest.

OAKLAND BOYS WIN GREAT VICTORY

BATTED OUT A VICTORY IN THE ELEVENTH INNING IN THE SOUTH.

LOS ANGELES, April 14.—For eleven innings Saturday Oakland and Los Angeles sawed the saw, Oakland finally winning out by timely batting. The Northerners took a good lead in the first inning by falling heavily upon Jones delivery. The locals played an uphill game until the eighth inning, when the score stood 5 to 3. At this point Reilly put Wardell in the box, hoping to clinch the game. Reilly sent over the best he had and struck out three men in two innings. But the Oakland boys had their batting eye fixed. Reilly on the hill. Struck out the pitcher in the eighth and the game. Reilly was hit hard, but managed to keep them pretty well scattered.

The only triple play made on the local grounds and one of the best made in California was executed by the home team. Wardell had batted a slow inside hit to Reilly, who threw to Tomlin, putting out Hodson at second. Tomlin sent the sphere quickly to Atherton at first, catching Reilly's awkwardness in the seventh and throw to Reilly and caught Reilly at the plate. Gordon might have scored had not his time between third and home. Attendance, 2500. Score:

Although the San Francisco golf team was much on the Presidio links Saturday, it did not score high enough to overcome Oakland's lead of 27 up, so lost the second home-and-home contest. After the two teams of eight men on a side had played over the course twice, San Francisco golfers had the score 35 up in their favor, which added to Oakland's score of 27 up made at Adams point a week ago, left the latter team a winner of the second series by 11 up. It was just as the experts had figured, now that the rival clubs have each won a match a third will have to be played on a neutral links to decide the ownership of the silver trophy.

In the match Saturday B. D. Adams strengthened the San Francisco team by his presence and fairly swept his opponent, F. S. Stratton, off the links, scoring 11 up on the eighteen holes. John Lawson, on the other hand, surprised everybody by losing to W. P. Johnson by 2 down. The latter is playing a great deal better at present, however, and leads all the host men from Adams point. H. M. Hoyt and George B. Cooksey were point winners for the home team, as were C. P. Hubbard and R. M. Fitzgerald for the Oakland side of the house.

The result being a foregone conclusion, little interest centered on Saturday's match, and now that it has been played the final contest is the all-absorbing topic in local golfdom.

Four of which have not been definitely arranged yet, will take place at Burlingame, very probably on April 25th, 8 when the contest will be played during the day. The majority of the players favored this date and the idea of playing in the afternoon on the neutral course. The sand greens at Burlingame will handicap most of the players, and it has been mutually agreed that no practicing will be done there beforehand.

Christiansen; grand treasurer, C. M. Beck; grand marshal, E. W. Anderson; grand vice marshal, C. Rasmussen.

HE WILL TALK TO THE TEACHERS

SCHOOL SUPERINTENDENT McCLYMONDS SENDS A CIRCULAR TO THE SCHOOLS.

City School Superintendent McClymonds has sent out the following circular to principals and teachers of the school department:

"Joseph Phillip Blanton, L. L. D., late dean of the Educational Department of the University of Missouri, will deliver a lecture to the principals and teachers of the department in the common school assembly hall on Thursday, April 17, at 2 p. m. Subject, 'The True and False Education.' Principals will close schools in ample time for all to be in position promptly at 2 p. m.

"By change in the custom of the Board of Education, regulations will hereafter be granted at the second regular meeting of the month and not at the first regular meeting of the month. It is therefore necessary that regulations be filed on or before the first meeting of the month, that they may be acted upon at the regular meeting in the month."

DEATH SUMMONS SAMUEL SWIFT

Samuel Swift, a Mason for twenty-five years, and a Past Master of Brooklyn Lodge No. 25, P. and A. M., died at his home in East Oakland yesterday afternoon.

Mr. Swift was one of the best known Masons in Oakland, having filled every chair in his lodge and being a very active member up to a few years before his death.

For the past few years he had been suffering from a complication of disease, and his death was not unexpected, as he had been confined to his room for the last year.

Mr. Swift leaves a wife, Emma N. Swift, and one daughter, Mary H. Swift. He was a native of Massachusetts, aged 72 years, 10 months and 21 days.

The funeral will take place Tuesday, April 15th, from the hall of Brooklyn Lodge No. 25, P. and A. M., at 2 p. m. The interment will be in the cemetery at the corner of Eleventh avenue and East Twelfth street, East Oakland, under the auspices of Brooklyn Lodge No. 25, P. and A. M.

HE WANTS TO SAIL ON A SHIP

LAD IN THE COUNTY JAIL WILL GAIN FREEDOM BY GOING TO SEA.

August Bodel, the lad who is confined in the county jail on charge of stealing a bicycle, and who seeks to avoid the penitentiary by going to sea and reforming, returned from San Francisco in the company of a friend named Thomas McGuire, disappointed in not being able to join a crew for Honolulu.

He had intended to sail on the ship James Welsh, but was informed by the captain that another boy had anticipated him.

Before Bodel and his friend left the wharf the ship Marsden from Honolulu docked.

McGuire made known the purpose of young Bodel to the Marsden's skipper and the latter said he would consider the boy's application Monday next.

Night Was Her Terror.

"I would cough nearly all night long," writes Mrs. Chas. Appleby of Alexandria, Ind., "and could hardly get any sleep. I had consumed so bad that if I walked a block I would cough frightfully and spit blood, but when all other remedies failed, three 5.00 bottles of Dr. King's New Discovery wholly cured me and I gained 35 pounds." It is absolutely guaranteed to cure Coughs, Colds, Grippe, Bronchitis and all Throat and Lung Troubles. Price 50c and \$1.00. Trial bottles free at Osgood Bros. drug store, corner Seventh and Broadway.

GOOD FOR PORTO RICO.

A recent visitor to Porto Rico, who is neither a politician nor a public official, says affairs on that island are rapidly being adjusted on an orderly and permanent basis. Much of the trouble experienced since the American occupation was due, he says, to the unwillingness of the inhabitants to assimilate American methods of administration. The chief trouble was the antiquated and imperfect Spanish code of laws continued to be applied. There have been total changes in the methods of the whole civil and criminal code of Spain would have to be swept away, and new laws in harmony with American institutions and modern ideas substituted.

The interference with social and domestic customs also gave offense and aroused opposition. These prejudices were related to arbitrary reforms, but the more of Porto Ricans are educated and intelligent, and the more they are brought into contact with the United States, the more they will be brought into contact with the United States. They are beginning to see the advantages of the American system, and are beginning to see the advantages of the American system. They are beginning to see the advantages of the American system, and are beginning to see the advantages of the American system.

Another trouble was that the native sympathizers of the American officials were not always well chosen. Some of them were vocal, and others used their brief authority to annoy enemies or vent old grudges.

The industrial and commercial system was wholly artificial, being based on laws which tied the commerce and agriculture of Porto Rico to Spain. When this artificial fabric seriously fell in ruins there was nothing to take its place. The people were poor, and without initiative. They could not adjust their lives to the new political regime nor adapt their business to the altered economic conditions thrust upon them. They had to be directed and led—and some instances, driven—into new paths and new ways.

But time and intelligent effort have worked a mighty change for the better. The Americans have built more roads and opened more schools in three years than Spain did in four centuries. The ports have been cleaned up, and the harbors are being improved. Business has adapted itself to the new order. The earlier mistakes have been remedied, and in consequence the Porto Ricans are becoming patriotically and enthusiastically American. They are essentially creatures of habit, and they can now see that the new system is much better than the old; that it is freer, more profitable and promises greater benefits in the future. It is an agreeable contrast to the changeless rule of Spain. The new legislature which assembled last January has given them a new sense of their independence and possibilities, and in consequence there is a political and industrial awakening in the island that promises well for the future.

A NATIONAL SHAME.

Marquis Townshend, an English fortune hunter, has appeared in Chicago openly advertised as a seeker for the hand of an American heiress. His business is as plainly stated as if he came to buy a house or a cattle ranch. His proposition is to exchange his title for a few millions of American money. His claim to distinction is that he is the grandson of a King's mistress, to which elevating fact he adds his title and place in the British peerage. The vulgar impudence of this noble English gentleman—certain by the left hand to King Edward VII. by the grace of God King of Great Britain and Ireland and Emperor of India—naturally causes the American people to rise. But after all, have we a right to complain? Has not the practice of American heiresses exchanging their charms and money for the titles of broken-down, spendthrift foreign noblemen become so common that any impecunious adventurer with a handle to his name has a right to think our rich families are ready to receive sealed matrimonial proposals for the hands of their daughters? Townshend's errand to Chicago is simply an exposure of the shame of the rich of America. He is a little nastier and more common than the usual titled end in search of a girl with a fortune and little brains, but his shocking vulgarity is an evidence of the reputation we have gained abroad, so long as our rich people welcome to their homes titled scamps who are not above swindling tailors and hotel keepers and are not ashamed to take money from coquettes and variety actresses of a certain stamp, just so long will noble vagabonds like Marquis Townshend advertise our standing with the aristocracy of Europe.

THE ENEMY IN THE REAR.

We have no patience with the mock philanthropy which grows fiercely indignant at alleged outrages on Filipinos, yet who receive with the utmost composure the news of unspeakable atrocities committed against American soldiers by these same Filipinos. Murder and rapine are not to be approved, but the kind of humanity which apologizes for atrocious crimes committed against our countrymen, yet is ready to accept as a fact and condemn it as horrible every story of ill treatment inflicted on their foes by our soldiers is of a cold-blooded, Judas sort that is difficult to distinguish from treachery and hypocrisy. The men who are railing against our officers and soldiers in the Philippines have no word of condemnation for the cruel tortures inflicted on American prisoners by Filipinos. Their language indicates sympathy for the Filipinos when it is not openly avowed, and by inference is an approval of the barbarous acts of those gentle savages.

The difference between this and a legitimate opposition to the policy of the Government is easy to distinguish. The soldier in the field must do his duty regardless of what his private opinion may be as to the wisdom or justice of those in authority. The men who encourage his enemies and discourage and condemn his efforts are doing something not removed in principle from shooting him in the back. If he is tortured or assassinated, he receives no sympathy, his enemies no blame. The Filipinos are absolved from all respect for the obligations of honorable warfare, but the American soldier must treat them as paladins while they are acting like a pack of cowardly, double dealing cut-throats—giving the hand of amity one moment and firing from ambush the next.

Is this proceeding any more treacherous and hypocritical than the course of those who aid, abet and applaud it in this country?

A PENSION WORTHILY DESERVED.

Congressman Metcalf's success in getting favorably reported the bill to give \$30 a month pension to Mrs. Susan Hays, the widow of Colonel "Jack" Hays, will give unforgotten pleasure to the people of Oakland and thousands all over the State. Colonel Hays was a distinguished soldier in the Mexican war and was the first Sheriff of San Francisco. His munificence gave this city several public squares and the site of the Courthouse. He also donated several church sites to various congregations, showing no favor or distinction as to denomination. His services as a Mexican veteran and as an Indian fighter entitle his widow to a liberal pension, but his public gifts give her an additional claim on the people of Oakland. It is to be hoped that so meritorious a bill will not meet with any opposition.

If General Brooke succeeds General Miles the Generalship of the Army will pass from one volunteer officer to another. General S. B. M. Young, who is next in line of succession to General Brooke is also a volunteer. This does not look as if West Point dominated the Army. Indeed, the West Pointers complain that they are thrown in the background when it comes to gathering the plums by volunteers with political influence. Certain it is that the volunteers hold far more leading positions in proportion to their numbers than do the West Pointers. Miles, Brooke, Young, Shafter, Wood, Funston and Smith are all volunteers.

Whatever may be thought of his guilt or innocence, it must be admitted that the prosecution of Major Walter has been vigorous and able. The Judge Advocate cannot be accused of shirking his duty or favoring the defendant. The War Department cannot be charged with not using all that was necessary and possible to vindicate itself and the good name of the army. Major Walter's acquittal must therefore be accepted as the result of a fair trial. Undoubtedly he had the sympathy of the army with him, but the evidence shows that the sympathy was natural under the circumstances.

PENSION FOR HAYS' WIDOW.

CONGRESSMAN METCALF DELIVERS RINGING SPEECH IN THE HOUSE.

WASHINGTON, April 13.—Representative Metcalf has secured a pension of \$30 a month to Mrs. Susan Hays, the widow of Colonel Jack Hays, the famous Indian fighter. The bill was passed by the Senate early in the session, but in the House committee it was proposed to cut the pension down to \$12. Metcalf made a ringing speech in the House today, telling of the achievements of Colonel Jack Hays and the House restored the figures to \$30. By his action in this case Congressman Metcalf has again done the right thing at the right time. Colonel Hays was a soldier when Texas won her independence from Mexico, and gained honors there which were never faded. From that time on he resided in the State of Texas, and during our war with Mexico, commanded a Texas regiment, and when Santa Anna was captured he was placed in charge of Colonel Hays. Shortly after the Mexican war Colonel Hays came to California, the son of which was, in fact, at least, acquired by his valor in the field. He was elected as the first Sheriff of San Francisco, and by his individual efforts contributed largely towards maintaining peace and order in the early and turbulent days. In the early fifties Colonel Hays removed to Alameda county, where he purchased large tracts of land, much of it now within the present limits of the city of Oakland. This land would now command a fabulous price, and yet when Colonel Hays died (although popularly supposed to be wealthy) he left only a small estate. This was largely due to his open-handed liberality. No person ever applied to him in relief in vain. Most of our city parks were the gifts of a man smaller after using Allen's Foot-Powder to be shaken into the shoes. It makes them soft and supple, gives instant relief to corns and blisters, the greatest comfort discovery of the age. Cures and prevents swollen feet, blisters, calluses and sore spots. Allen's Foot-Powder is a certain cure for sweating, hot, aching feet. At all druggists and shoe stores. Don't accept a substitute. Write for a large FREE by mail. Address, Allen S. SOCIAL NEWS ABOUT THE SMART SET.

Miss Anna Leimert Entertains Friends at Her Home—Events of Interest in Oakland.

Miss Anna Leimert was hostess in entertaining several of her friends at her home last Friday evening. She wore a dainty gas-light green organdie, cut low. All the young ladies, in fact, were daintily gowned in light evening costume. The young people were pleasantly entertained with an impromptu program consisting of both vocal and instrumental music and many novel games were played, prizes being awarded for each. Walter Leimert favored the guests with a brief display of his very clever card tricks. Those present besides the members of the Leimert family were: Misses Elsa von Manderschied, Bessie Hathaway, Ada Layman, Bertha Marvin, Winifred Warner, Charlotte Towle, Amy Kuss, H. A. Smith, J. McCarver, Lowell Redfield, Vernon Irwin, C. Kinade, Walter Corder, Dr. Pomeroy, F. W. Powell and Dr. L. C. Moore, Stanford.

WHIST CLUB.

The Amielia Whist Club was entertained at its last meeting by Miss B. M. Crook at the Piedmont Springs Club House. A very enjoyable evening was spent and after the whist playing a sumptuous supper was served, followed by dancing. Those present were: Miss Beatrice Crooks, the Misses Alderson, Miss Allen, Miss McDonald, Miss Cora Patterson, Miss Estelle Granjean, Mr. and Mrs. McLenghan, Miss Menclenhall, Miss McKinn, Percy Dubois, Mr. Noonan, Frank Graham, Mr. Haldeman, Mr. Carlin, Phil Rosenheim, Mr. Makins and Mr. Able.

GAVE A DANCE.

Mr. and Mrs. Charles Appleton Hooper gave a dance Saturday evening at their beautiful residence at 1234 Hawthorne street, Alameda, which was attended by over 100 guests, many being from San Francisco and Oakland. The floral decorations were of blossoms, iris, lilacs, wisteria and carnations, very artistically disposed. The extensive grounds were illuminated for the occasion, and Japanese lanterns hung in the tea house and depended from the shrubbery. An orchestra from the city discoursed music during the evening, and an elaborate supper was served at a late hour. Among the guests were: Miss Marion Goodfellow, Miss Harvey Anthony, Miss Persis Coleman, Miss Jacqueline Moore, Miss Moore, Miss Carmen Moore, Miss Georgiana Leary, Miss Ethel Parker, Miss Gertrude Josselyn, Miss Bertha Palmer, Miss Gertrude Allen, Miss Florence White, Miss Grace McCormick, Miss Hilda Van Sicken, Miss Kelley Patterson.

CIRCULAR ISSUED BY THE COMMITTEE.

The following circular has just been issued by the Knights of Pythias: "KNIGHTS OF PYTHIAS NATIONAL CONCLAVE. TO THE BUSINESS MEN AND CITIZENS OF Oakland: The Oakland-Alameda County 1902 Committee of Knights of Pythias has procured an Oakland Day on the official program and beg to call your attention to the following: "The Supreme Lodge, Knights of Pythias, will hold its session in San Francisco August 10 to 20. There will participate at least 50,000 Knights of Pythias from all parts of the United States, Canada and Hawaii.

"We will have 10,000 members or more of the Uniform Rank, Knights of Pythias, on parade in the city of Oakland August 14, which is the date set apart upon the official program, and which will bring at least calculation 50,000 of the most patriotic citizens of the United States of the Knights of Pythias, as well as thousands of other visitors to this city on the above date mentioned.

"Will this interest you as a citizen of Oakland? If so, we, as an Executive Committee, chosen from the eleven lodges, Knights of Pythias of Alameda County, have this proposal to make to you. "The Board of Trade, the Merchants' Exchange and the Board of Supervisors are unanimous in saying that the Oakland Day during encampment is a necessity, and much gain can be had therefrom.

"Our Eastern friends must be introduced in a becoming manner, worthy of the grand city of the great State of California. "To accomplish this, we must not only have the moral, but also the financial support of bankers, merchants, mechanics, professional men—in fact, everybody who is interested in the future welfare of Oakland. "Prizes must be offered for competitive drills, transportation from San Francisco to Oakland must be paid; food must be procured for the thousands of Knights of Pythias, who must be decorated, music furnished and many other expenses met.

"This will necessitate much labor and expense, hence we ask you, kindly assist in defraying the expenses, as it is for the good of Oakland and Alameda County. This money, which you contribute, will be expended in Oakland; consequently not one dollar will leave this city, except what is paid for the prizes. But you must take into consideration that thousands of dollars will be spent that day by the thousands of people who visit this beautiful city of Oakland. Our Finance Committee will call upon you in a few days. Please be liberal in your contributions.

SUNDAY FIGHTS RESULT IN WOUNDS.

CASES TREATED AT THE RECEIVING HOSPITAL YESTERDAY AFTERNOON. The perfect weather of yesterday seems to have had a pugilistic effect upon a number of individuals, a fact attested by several victims who had injuries of various kinds dressed in the Receiving Hospital. Each of the victims, however, was blissfully unconscious of the identity of the man by whom he was punished. Another peculiar feature of the affair is that the victims appeared at the Receiving Hospital at practically the same moment. The first who was stove up was Frank Harvey of 1560 Third street, who got into a fight in Jefferson Park and emerged from it with a scalp cut for a distance of a couple of inches. He was sewed up by Warden Page. The next victim was John Anderson, a gardener of San Leandro, whose mouth was the objective point of his adversary's fist. That member was cut and swollen and was reduced to his former size and condition by Steward Borchert and Steward Borchert. Fred Stone, who resides at 1501 Fifth street, was the last of the trio. His right ear was badly disfigured in his scuffle with Steward Borchert, but the auricular appendage in a presentable condition.

SHE WILL NOT PROSECUTE HUSBAND The trial of W. H. Wheatley, charged with assaulting his wife with intent to commit murder, has been continued until tomorrow to allow the filing of a complaint. It is understood that Mrs. Wheatley will refuse to prosecute her husband.

IMPROVEMENT ON SOUTHERN PACIFIC
DOUBLE TRACK WILL BE LAID BETWEEN BENICIA AND SACRAMENTO.
President Harman of the Southern Pacific has just given orders that another track be laid parallel to the one between Benicia and Sacramento. At present there is a double track from the mole to Port Costa and from there a single track to Sacramento. This change is occasioned by the congestion that sometimes takes place in overland traffic because of the lack of another track between Benicia and Sacramento. Railroad weighing eighty pounds to the yard will be used.

NEW HAMMAN BATHS.
Well Equipped and Conveniently Located, They Open for Business Tomorrow.
What will be glad tidings to many Oaklanders is the advent of a Hamman Bath House in the business portion of the city. Tomorrow will be inaugurated the opening of the new bath establishment at the northwest corner of Broadway and Ninth, where experienced persons will be in attendance to give the latest method of human baths, which includes Turkish and Russian. The massager is a party who has held similar positions in many leading bathing institutions in this country and Europe and is considered unexcelled in his line, which means that the patrons of this bathing establishment will be pleased in every detail. The place is neatly arranged with every possible convenience and the price of the baths will be only 75 cents, instead of \$1.00, as usually charged, and you get a bath that will be impossible to be improved upon. Every Tuesday from 9 a. m. to 6 p. m. is set aside exclusively for ladies. This new acquisition to the business interests of Oakland will undoubtedly enjoy an excellent patronage from its inception.

THE ANNUAL WASH

Once a year the farming communities of Massachusetts living within driving distance of the sea have a general picnic. Whole families drive to the beach with laden lunch baskets and enjoy themselves. Incidentally, of course, the picnicers take a sea bath. This has led the humorous newspaper paragrapher to name this yearly picnic "The Annual Bath," and many a sly chuckle goes the rounds over the people who take a bath once a year. Mohammed has credit for the saying that "Cleanliness is next to godliness." But a greater than Mohammed upbraided those whose external cleanliness was only a cover for internal corruption. The very people who make their jokes on the "annual wash" need to have the beam removed from their own eyes. People live and thrive in spite of soap and water, but internal uncleanness is a constant menace to health.

In general the country at large enjoys an annual spring wash, endeavoring to cleanse the system from the effete substances which clog and corrupt it. Probably people would not even wash internally once a year if it were not that nature herself urged them to this act of cleanliness by the dull, sluggish feelings and lassitude which render them unfit for business or household cares. It is remarkable that those who are great sticklers for external cleanliness seem to have so little idea of the necessity of keeping the blood clean. Once a year is enough they think for this internal cleansing, and even that is often undertaken in such a superficial and unintelligent manner that it is to be doubted if much benefit results. One of the worst things for the blood is alcohol. Yet alcohol is the chief ingredient in many favorite spring medicines. It stimulates the users and makes them "feel good," but it cleanses the blood not one particle. An intelligent choice of a spring medicine would lead to the selection of one which would free the system from poisonous accumulations, and make health not a mere feeling but a fact.

Dr. Pierce's Golden Medical Discovery is commended by its thousands of friends for the positiveness and permanence of its effects. It cleanses the blood. It increases the blood supply. It is not a mere temporary tonic, but a medicine giving permanent health. It owes none of its effects to alcohol because it contains none. It makes men and women feel well because it makes them well, and their feelings indicate their improved condition.

"For four years (during the summer months) I felt so weak and nervous that at times I would be almost prostrated," writes Mrs. Hattie H. Turbiff, of Dunsmuir, S. C. "My liver was out of order and I ached all over. For three years I had eczema on both my hands, which at times amounted to torture, and, added to this, were other complications. About five months before my baby was born I wrote Dr. Pierce, giving some of my symptoms, and immediately received a very kind and sympathetic reply, and acting upon his advice I began taking the 'Golden Medical Discovery.' After taking two bottles I felt decidedly better. Took six bottles of the 'Discovery,' three of 'Favorite Prescription' and four vials of Dr. Pierce's Pellets. When my baby was two days old I felt quite as well as ever, and the eczema has not given me any trouble since I began taking the medicine. This summer I have done all my housework and attended baby, and have not felt so well in ten years."

Dr. Pierce's Golden Medical Discovery is unexcelled as a blood purifying preparation. It thoroughly cleanses the blood from the substances which clog and corrupt it, and cures diseases which have their cause in impure blood. It cures scrofula, sores, ulcers, swellings, eczema, boils, pimples, rheumatism and other diseases which originate in the blood's impurity.

"It has been about two months since I stopped using Dr. Pierce's Golden Medical Discovery," writes J. M. Venter, Esq., of Regina, P. K. C. Ky. "I had been in Texas last year and contracted chills and fever while there. I came back to Kentucky and was about shaking my head off from my feet when I commenced using it. I only weighed 149 pounds. Had been suffering with chills and fever for twelve months. Took treatment from my doctor and tried many different kinds of patent medicines, but all seemed to do no good. Since I have used four bottles of Dr. Pierce's Golden Medical Discovery and one vial of his 'Pellets,' I feel well in every respect and weigh 186 pounds instead of only 149, my weight when I began its use."

Everyone knows how hard it is to eradicate the germs of malaria from the blood. The superior blood purifying properties possessed by "Golden Medical Discovery" are marked by the prompt cleansing of the blood from the malaria microbes. If you want a spring medicine which will not simply make you "feel good" but do you good, give you new and lasting vitality and vigor, give Dr. Pierce's Golden Medical Discovery a fair and faithful trial. It purifies the blood at any season and gives lasting strength.

Those who suffer from chronic diseases are invited to consult Dr. Pierce, by letter, free. All correspondence strictly private. Address Dr. R. V. Pierce, Buffalo, N. Y.

Accept no substitute for "Golden Medical Discovery." There is nothing "just as good" for diseases of the blood.

365 days in the year and in any one of them the family is likely to meet with accidents, sudden sicknesses, emergencies and other conditions for which they are unprepared, unless they have at hand a copy of Dr. Pierce's Common Sense Medical Adviser. This great work, containing over 1000 large pages and more than 700 illustrations, is sent FREE on receipt of stamps to pay expense of mailing ONLY. Send 31 one-cent stamps for the cloth-bound volume, or only 21 stamps for the book in paper covers.

SAN LEANDRO REPUBLICANS FORM A CLUB.

Elect Delegates For the Convention at San Jose.

NOTES AND PERSONALS OF GENERAL INTEREST

SAN LEANDRO, April 14.—The final meeting for the organization of the San Leandro Republican Club took place last Friday night. The meeting was attended by about one hundred people and was the most enthusiastic gathering since the club was formed.

The meeting opened with the presentation of the by-laws which were read and unanimously adopted. Then followed a general discussion of the purposes for which the club had been formed, the principal reason being to

select delegates to the San Jose Convention of Republican Clubs. It was decided that the club would meet on the last Friday of each month and upon the call of the club.

Today, the delegates selected left for San Jose. They consist of the following: L. C. Morehouse, delegate at large; A. B. Carey, chairman; William Kearman, secretary; Joseph Herrscher, treasurer; S. Huff, P. M. Nippert, J. N. Frank, B. C. Hawes and John Black.

A meeting of the Progressive Club was held recently at the residence of J. A. Holmgren. A delightful evening was spent playing the club's favorite game, which resulted in the following victories: First gentlemen's prize, Dr. Smith; second gentlemen's prize, J. A. Holmgren; first lady's prize, Mrs. A. H. Merritt; second lady's prize, Mrs. G. W. Baxley.

WATER PIPE COVERED. The large water main of the Contra Costa Water Company, which has been uncovered where it crosses the concrete bridge since the break last winter, has been covered, greatly improving the appearance of the bridge. It was thought by the company that the fill about the pipe had become thoroughly settled and that there was no danger of another break.

FORESTERS TO CELEBRATE. On July 21st the San Leandro Lodge of Foresters will celebrate the anniversary of the organization of the order with an entertainment, for which the members are now making preparations.

NETS AND PERSONALS. Fred Schmidt of this place has leased the 3rd Connell place near the bay. Thomas Martin, who for two years has been employed by Joseph Olinia, may leave shortly for Alaska.

Dr. J. A. Vaudrot has purchased a place

on Stanton avenue, where he will reside with his family. He will cultivate willows for the purpose of making baskets.

Mrs. Neel Harlan, who has for some time been suffering with paralysis, is now slowly recovering. Dr. Smith is in attendance.

C. H. James, of Patterson, New Jersey, was a recent visitor in San Leandro.

UNIVERSITY ATHLETES READY FOR THE CONTEST.

Track Team Will Be Strengthened—Northern Trip Will Be Carried Out—Board of Trade Will Meet Tomorrow.

BERKELEY, April 14.—Now that the baseball pennant is safely lodged in the hands of California all efforts will be directed to the inter-collegiate field day.

The track team will be strengthened by two additions from the ball players. These two are Captain Hamlin and Overall. Hamlin has ability to perform in fine style over the hurdles, but this year he has had no time to condition himself. There are just five training days intervening before the big meet takes place and this will hardly permit Hamlin getting into form.

The baseball season has, however, conditioned him and he may be able to obtain a place.

Overall, the star twirler, is entered for the shot put. There is no question of the "big fellow's" strength and a week in the shot put should see him putting the leaden sphere over the 40 foot mark.

The Southern field day in which Stanford participated in last Saturday revealed the Cardinals' strength. This was shown particularly in the 100, 220 and 440 yard dashes. First time was made in all three events. The course record for the 100 yard dash was 16.2 seconds. The record for the 220 yard dash was 34.2 seconds. The record for the 440 yard dash was 1:02.4.

Crabgan and Abadie are in prime condition and their coach has unlimited faith that they both will beat Macaughen, but third place in which California counted in view of the performance of the Stanford sprinter on Saturday will go to the Cardinal, unless Brown shows all of his last year's speed.

In the 440 Stanford appears to have the best men. The time of 52.2 for the distance is better than anything shown by the "Vasidy" men this year.

In the other events no records were made which would cause the California men much trouble.

In the hammer throw California will probably set the first two places and possibly the third place also. The shot put will go to California with Stanford second and a Berkeley man third.

In the high jump there are three or four men in the California team who have been doing 5 feet 8 or better. Cooly is jumping better and may do over 5 feet 10 before next Saturday.

DANES ARE DINED AT PLEASANTON

Delegates to Convention Shown Numerous Attentions.

CHILD SUFFOCATED WHILE SLEEPING.

PLEASANTON, April 14.—The Danes, during their stay in Livermore, were royally entertained by L. Crellin of the Ruby Hill Vineyard, and a banquet was served. From there they came to Pleasanton, where Mr. Hansen, proprietor of the Pleasanton Hotel, gave them another banquet and the town band furnished music. They were taken in carriages to view the places of interest and returned to Livermore in the evening.

CHILD SUFFOCATED. Coroner H. B. Mehrmann of Oakland held an inquest last week on the remains of the two-year-old baby of Mr. and Mrs. T. C. Hilton, who reside near Sunol. The cause of death was suffocation. The mother, upon awakening in the morning, found the little one lying beside her dead.

BAND CONCERT. The members of the Athletic Club will give a promenade concert next Saturday evening in their club room. The band boys will furnish music for the occasion.

NOTES AND PERSONALS. A number of citizens left town yesterday morning for trout fishing in the hills back of Sunol. The firemen's ball was well attended. Mr. and Mrs. Chas. F. Reuter of Oakland came to Pleasanton Saturday to visit Mr. and Mrs. A. C. Vandervort. G. W. Detjens was in Sunol recently.

DELEGATES NAMED. The delegates from the Afro-American League to the San Jose convention are as follows: J. B. Wilson, F. Moore, J. F. Summers, Jas. Washington, W. J. Gossaby, H. L. Scott, W. M. Tipton, W. C. Morrison, Thos. Pearson, C. P. Duncan, J. A. Wilds, Wallace Towns, D. D. Jacobs.

For that run-down, tired feeling in the Spring, there is no medicine to equal the Bitters. It will restore the appetite, purify the blood, and cure

Dyspepsia, Indigestion, Nervousness, Lassitude and Drippe.

A cursory view of the relative merits of the two teams, gives California much the better of it.

NORTHERN TRIP ASSUMES A BRIGHTER ASPECT.

BERKELEY, April 14.—It has all but definitely been settled that the Berkeley champions will go north to meet all comers. Last Saturday's hard fought victory will probably bring about the result.

Trainer Christie in speaking of the northern trip said: "The boys played in professional style Saturday. I think the manner in which they wrestled victory from Stanford on Saturday last stamps them as one of the best amateur teams that has ever been on the coast and for that matter east of the Rocky Mountains. I believe the nine is entitled to the northern trip. That they will return with a string of victories is almost a certainty. We are trying to arrange the money part of the trip now. If the boys go, it will probably be next month some time."

BOARD OF TRADE WILL MEET TOMORROW.

BERKELEY, April 14.—The Board of Trade will meet tomorrow evening to consider plans for the improvement and development of the town.

UNIVERSITY ORGANIZES A REPUBLICAN CLUB.

BERKELEY, April 14.—The University of California Republican Club has elected the following officers: President, Ralph S. Pierce; Secretary, J. M. Eschelman; Treasurer, J. D. Arnold. The club will be represented in the political convention at San Jose tomorrow.

WILL PLANT TREES.

BERKELEY, April 14.—Tree and flower planting for the beautification of the streets of Berkeley will begin this week. The direction of the Town and Gown Club.

BERKELEY GIRLS WIN.

BERKELEY, April 14.—The girls' basketball team of the University easily defeated the Redwood City team last Saturday by a score of 15 to 6.

"FRAT" GIRLS HOLD ANNUAL CONVENTION.

Many Matters of Importance to Sororities Are Discussed.

MEETING IS FOLLOWED BY DINNER AND DANCE.

The Alpha Sigma Sorority held its annual convention and banquet Saturday in Woodmen's Hall. Delegates had been sent from all the chapters in the State, and altogether about 130 "frat" girls were present.

The convention was called to order at 10:30 o'clock and business pertaining to sorority matters was discussed. After the regular business the delegates enjoyed an elaborate banquet. The hall and tables were exquisitely decorated.

The following toasts were given: "Toasts," Marion Morrow; "Toasts," Gwendolyn Matthews; "Sorority Spirit," Ida Henley; "The Present and Past of Alpha Sigma," Ella Wenzelburger; "Chapter Extension," Anita Wieland; "Loyalty," Edna Wemple; "Sisters," Mary Jewett; "The Future of the Alpha Sigma," Florence Hodgdon.

Later in the afternoon four of the young ladies presented a one-act play. Two of the girls were attired in their brothers' clothing. They presented "A Christmas Chime," by Margaret Cameron Smith.

A list of characters was as follows: "Jos. Terrill," Helen Webster; "Ted Owen," Clara Laws; "Gibby Tenlie," Florence Ziegenfuss; "Dolly Winkler," Vera Cope.

In the evening the Alpha Sigma gave a "hop" at the Piedmont Club House. The large porch was covered with canvas and there the girls with their guests danced until late in the evening.

AN OAKLAND MAN SAYS HE WAS ROBBED

Frank Farrell, a laborer, living at 729 Perilla street, West Oakland, reported to the San Francisco police late Saturday night that he had been held up by two men on Mission street, between First and Fremont, and robbed of 50 cents, all the money he had in his pockets. As he passed the two men came or then took hold of his arm and told him to keep quiet and the other went through his pockets.

NEW INDUSTRY FOR HAYWARDS IS CONSIDERED.

California Packing Co. to Establish Pickle Factory.

PROSPEROUS TIMES IN INTERIOR TOWN.

HAYWARDS, April 14.—A deal may shortly be closed between the California Packing Company of San Francisco and the Haywards Lumber Company, which will result in the establishment in this place of a pickle factory. Should the Haywards Lumber Company sell its warehouse to the Packing Company the deal will be completed and the factory will then be opened within a short time.

Business men of Haywards are anxious to have the factory established here. It will give employment to about 100 people. The country near Haywards is well adapted to the growing of such vegetables as may be handled by the new company, which will in that way open new lines for the ranchers. Great interest is manifested about town in regard to the matter.

The warehouse which will be occupied by the new factory is located at the depot near the Hunt Brothers' large cannery and the new packing house which is being built by the Meek Brothers.

FORESTERS' BAND DANCE.

Saturday night an enjoyable dance was given at Native Sons' Hall under the auspices of the Foresters' Band of Haywards. The affair opened with a number of selections by the band, which were greeted with rounds of applause. Then followed the dancing. The bandmen have given a number of social affairs during the past few years, and each one has met with the greatest success. Saturday night's dance was a good example of the style of entertainments given by the band. The hall was elaborately decorated for the occasion by a special committee.

REUNION POSTPONED.

The Young Men's Social Club, which was to have celebrated the anniversary of the organization last Saturday night, postponed the affair until Saturday night of this week. The celebration will consist of a banquet, which will be held at the Occidental Hotel. A program, consisting of songs and speeches, will be rendered. Every effort is being made by the committee in charge to make the affair a success. The club has been in existence one year, during which time it has become more and more popular and prosperous. The banquet will be for members only.

GRAND SESSION OF DANES.

Saturday completed the grand annual session of the Lodge of Danes, which met in Livermore. The session lasted from Tuesday until Saturday, during which time the delegates were shown about the country, banqueted and given a general good time. A number of delegates represented Thyma, Lodge of Haywards and reported having had a most enjoyable time. The local delegates to the session were P. Sorensen, A. Sorensen and L. L. Korn.

IMPROVEMENTS AT CHURCH. A number of improvements are being made at the Catholic Church. It is being surrounded by a brick wall and a new fence. There are also a few improvements being made to the lawns and walks.

ORATORICAL CONTEST. An oratorical contest will be held at the Presbyterian Church next Friday evening, April 18, under the auspices of the W. C. T. U. A musical program is also being arranged for the occasion. The contestants in the coming event are as follows: Miss Florence Linken, Miss Rose Hatch, Miss Edith Dunlap, Stanley and Harold Mansfield. A medal will be presented to the one who is judged the best.

HOME FROM PHILIPPINES. Matthew Peterson, son of M. C. Peterson, has returned to his home at Haywards after an absence of two years in the Philippines, where he was employed in the Quartermaster's Department of the United States Army.

FRUITVALE CLUB TO HOLD A MEETING

FRUITVALE, April 14.—An important meeting of the Lower Fruitvale Improvement Club will take place tonight at the rooms of the organization, below Fourteenth street, near Fruitvale avenue. Several matters of importance will be considered at the meeting and the directors have requested a full attendance.

WILL USE ARMOY. Now that the Fruitvale Armory is completed and opened, the Cadets will begin their regular Monday drills. The armory was built principally for that purpose and is arranged after the manner of the regulation army drill hall. The members of the cadet corps are delighted with their new quarters.

C. F. Kincaid of Upper Fruitvale has purchased a ranch in the southern part of the State and will shortly remove with his family to his new home. Howard Munster will leave for San Jose where he intends visiting the Republican Convention which is now in session.

MRS YATES FILES ANSWER IN COURT

Mrs. Lillie T. Yates Saturday filed an answer to the suit begun by the Central Bank to recover nineteen mortgages held in the name of her late husband, C. R. Yates, who was cashier of the bank. Not having any knowledge as to whether the mortgages were held in trust or not, Mrs. Yates denies generally the allegations of the complaint. The litigation is of a friendly nature and was instituted to clear the title to property involved.
